Baby's Second Summer

is the time that tries all the care of the mother and all the skill of maternal management. Baby comfort comes from fat; fat babies have nothing to do but to sleep and grow.

If your baby does not seem to prosper, if he does not gain in weight, you must get more fat there. A few drops of

Scott's Emulsion

each day will put on plumpness; fat outside, life inside, baby and mother both happy. Your baby can take Scott's Emulsion as much in summer as in any other season.

For sale by all druggists and by mail.
